Description

This atmospheric collection of candles and lanterns was inspired by the magic of waiting for Christmas presents. Each piece is decorated with an intricately carved and hand-painted scene - reindeer pulling a sleigh full of presents, hovering above a winter landscape amid falling snowflakes. Straight from fairytale Lapland, they ride to bring the light of joy. Made with extreme precision, the details make these decorations look like small works of art.

Lanterns and candles in this series impress with craftsmanship. An ideal decoration for the table, mantelpiece or festive corner - also perfect as an elegant gift.
